PREFACE

The Rules Committee will report a 2-year budget resolution in 2011 which will authorize operating funds to Senate committees for both sessions of the 112th Congress.

This revised committee print has been prepared by the Committee on Rules and Administration to assist Senate committee members and staff in arriving at their budget recommendations for the next two years and in preparing the supporting materials which will be required by this committee. The fiscal years for expenditure authorizations will be the 7-month period from March 1, 2011, through September 30, 2011; the 12-month period from October 1, 2011, through September 30, 2012; and, the 5-month period from October 1, 2012, through February 28, 2013.

Pursuant to paragraph 9 of Rule XXVI of the Standing Rules of the Senate, each Senate committee, excluding the Select Committee on Ethics and Committee on Appropriations, must report a resolution authorizing it to make expenditures to meet its expenses. The resolution must be reported to the Senate not later than January 31, except that, whenever the designation of members of standing committees of the Senate occurs during the first session of a Congress at a date later than January 20, such resolution may be reported at any time within 30 days after the date on which the designation of such members is completed.

This committee print provides Senate committees with detailed information on the requirements for expenditure authorizations for the 2-year funding period beginning March 1, 2011. Included are sample resolutions and budget forms, regulations in respect to procurement of consultants and the training of professional staff members, and rates of compensation for staffs of Senate committees.

The tables beginning on page 40 list funds authorized by the Senate for the 110th and 111th Congress for Senate committees. Included are the annual authorizations for Senate standing, select, and special committees reported favorably by the Committee on Rules and Administration.

Budgets, supporting materials, letter, and questionnaires.—(1) Committee budgets and questionnaires should be prepared on the standard forms obtainable from the Rules Committee offices; (2) a signed original and two printed copies of the budget, supporting letters, and questionnaires should be submitted to the Rules Committee by February 16, 2011; (3) the supporting letter should be signed jointly by the chairman and the ranking minority member of the committee; and (4) the funding questionnaire should be signed jointly by the chairman and ranking minority member or by the staff director and minority staff director of the committee, unless the minority does not concur with the information supplied therein.

(III)

Consultants and training.—Any committee desiring authority and funds to hire consultants or to train its professional staff must include appropriate language therefor in its annual resolution. In respect to consultants for a committee, it should be duly noted that the selection of the same must be done jointly by the chairman and the ranking minority member. Also, the Rules Committee must receive five days' advance notice of the intention to appoint in order to consider the request.

Senate Resolution 425, 97th Congress, 2nd session, agreed to August 12, 1982, authorized the Select Committee on Ethics, with the approval of the Committee on Rules and Administration, to expend funds from the contingent fund of the Senate for the training of its professional staff.

Supplemental expenditure resolutions.—While not pertinent at this time, it is important for committees that may eventually seek supplemental funds to be aware of and to comply with the provision that a supplemental resolution must have an accompanying report expressing the reason the funds requested had not been included in the committee's original budget resolution. This provision is fully explained in the chapter entitled "Supplemental Expenditure Authorizations". (See p. 9.)

Select, special, and joint committees.—In respect to select and special committees of the Senate, and joint committees financed by the Senate, the Committee on Rules and Administration has determined that the procedures and regulations set forth in this document will apply to such committees where appropriate and feasible.

We appreciate the cooperation of all members and staff in expediting the completion of this process. Please contact the Committee on Rules and Administration if we can be of assistance.

CHARLES E. SCHUMER,
Chairman,
 LAMAR ALEXANDER,
Ranking Member,
Committee on Rules and Administration.

COMMITTEE EXPENDITURE AUTHORIZATIONS

Committees of the Senate must request their operating funds pursuant to the procedure set forth in paragraph 9 of rule XXVI of the Standing Rules of the Senate. Each committee must report one authorization resolution authorizing it to make expenditures out of the contingent fund of the Senate to defray its expenses, including the compensation of all members of its staff, the procurement of consultants, the training of professional staff, and all administrative expenses. Funds in addition to and for the same purposes as those obtained pursuant to the biennial resolution must be obtained by *supplemental* expenditure authorization resolutions (see following chapter).

Authority

That portion of paragraph 9 which relates to authorizing resolutions is as follows:

PARAGRAPH 9 OF RULE XXVI OF THE STANDING RULES OF THE SENATE¹

9. (a) Except as provided in subparagraph (b), each committee shall report one authorization resolution each year authorizing the committee to make expenditures out of the contingent fund of the Senate to defray its expenses, including the compensation of members of its staff and agency contributions related to such compensation, during the period beginning on March 1 of such year and ending on the last day of February of the following year. Such annual authorization resolution shall be reported no later than January 31 of each year, except that, whenever the designation of members of standing committees of the Senate occurs during the first session of a Congress at a date later than January 20, such resolution may be reported at any time within 30 days after the date on which the designation of such members is completed.

(b) In lieu of the procedure provided in subparagraph (a), the Committee on Rules and Administration may—

(1) direct each committee to report an authorization resolution for a 2-year budget period beginning on March 1 of the first session of a Congress; and

¹As amended, S. Res. 479, Sept. 30, 1988.

(2) report one authorization resolution containing more than one committee authorization resolution for a 1-year or 2-year budget period.

* * * * *

Fiscal Year for Expenditure Authorizations

Prior to 1999, the fiscal year for expenditure authorizations runs from March 1 through February 28 (29) of the succeeding year. This 12-month period, with an overlap of 2 months into a new calendar year, was established by the Committee on Rules and Administration in order to give the Senate sufficient time at the commencement of each new session of Congress to accommodate the several steps in the required procedure. Beginning with the 106th Congress (1999) significant changes were made to the Senate's financial systems. The Disbursing Office's implementation of the Financial Management Information System (FMIS) in fiscal year 1999 required that Senate committee budgets conform to the federal fiscal year. Consequently, the Omnibus Committee Funding Resolution now authorizes committee funding for portions of three fiscal years. For the 112th Congress, the 2-year budget period will begin March 1, 2011, and span three fiscal years, ending February 28, 2013.

Submission Date for Resolutions

Expenditure authorization resolutions must be offered by Senate committees not later than January 31. The only exception is when during the first session of a Congress the designation of the members of standing committees occurs later than January 20. In such case the resolution must be offered within 30 days of the date on which the members of a committee have been designated.

Format of Resolutions

In the composition of their annual resolutions, Senate standing committees are required to follow, with any necessary modifications, the sample Resolution Form 1 reproduced at the end of this chapter (page 5). This form is to be used by standing committees requesting funds for expenditures, with or without funds for the procurement of consultants or the training of professional staff.

Select and special committees should submit resolutions which conform with the provisions of the resolutions by which they were created. (Confer with the Senate Legislative Counsel.)

Provision for Consultants and Staff Training

Committees anticipating the need for consultants or considering training for professional staff members should note that the authority and funds for those purposes must be expressed in the text of their authorization resolutions. The sample resolution form can accommodate such requests.

Committees which do seek funds for either or both of those purposes should note carefully the regulations on procurement of consultants (page 13) and on training of professional staff (page 23).

Provisions for Minority Staff

Minority participation in the appointment of committee personnel pursuant to biennial or supplemental resolutions is provided for in paragraphs 1, 2, and 3 of rule XXVII of the Standing Rules. The text of paragraphs 1, 2, and 3 of rule XXVII is as follows:

PARAGRAPHS 1, 2, AND 3 OF RULE XXVII OF THE STANDING RULES OF THE SENATE

1. Staff members appointed to assist minority members of committees pursuant to authority of a resolution described in paragraph 9 of rule XXVI or other Senate resolution shall be accorded equitable treatment with respect to the fixing of salary rates, the assignment of facilities, and the accessibility of committee records.

2. The minority shall receive fair consideration in the appointment of staff personnel pursuant to authority of a resolution described in paragraph 9 of rule XXVI.

3. The staffs of committees (including personnel appointed pursuant to authority of a resolution described in paragraph 9 of rule XXVI or other Senate resolution) should reflect the relative number of majority and minority members of committees. A majority of the minority members of any committee may, by resolution, request that at least one-third of all funds of the committee for personnel (other than those funds determined by the chairman and ranking minority member to be allocated for the administrative and clerical functions of the committee as a whole) be allocated to the minority members of such committee for compensation of minority staff as the minority members may decide. The committee shall thereafter adjust its budget to comply with such resolution. Such adjustment shall be equitably made over a 4-year period, commencing July 1, 1977, with not less than one-half being made in 2 years. Upon request by a majority of the minority members of any committee by resolution, proportionate space, equipment, and facilities shall be provided for such minority staff.

However, in the 107th Congress, the number of Republican and Democratic Senators was evenly divided with 50 members each. On January 5, 2001, the Senate passed S. Res. 8, which stipulated that notwithstanding Rules XXV, for the 107th Congress, the committees of the Senate, including joint and special committees, shall be composed equally of members of both parties and that the budgets and office space of such committees and all other subgroups shall likewise be equal, with up to an additional 10% to be allocated for administrative expenses to be determined by the Rules Committee, with the total administrative expenses allocation for all committees not to exceed historic levels.

Joint Leadership Letter and Colloquy

The Joint Leadership Letter and Colloquy of February 3, 2011 stated the following with regard to the division of funding and office space for the majority and minority.

Joint Leadership Letter

We mutually commit to the following for the 112th Congress:

The budgets of the Committees of the Senate, including Joint and Special Committees, and all other subgroups, shall be apportioned to reflect the ratio of the Senate as of this date, including an additional ten percent (10%) to be allocated to the Chairmen for administrative expenses, to be determined by the Rules Committee. However, the amount of funding authorized for each individual Committee in the 112th Congress is being reduced by the amount that was allocated to that Committee from Special Reserves in the last Congress.

Special Reserves is being restored to its historic purpose. Requests for funding will only be considered when submitted by a Committee Chairman and Ranking Member for unanticipated, non-recurring needs. Such requests shall be granted only upon the approval of the Chairman and Ranking Member of the Rules Committee.

Funds for Committee expenses shall be available to each Chairman consistent with Senate rules and practices of the 111th Congress.

The Chairman and Ranking Member of any Committee may, by mutual agreement, modify the apportionment of Committee funding and office space.

The division of Committee office space shall be commensurate with this funding agreement.

Colloquy

Mr. REID. Mr. President, over the last 20 years, the apportionment of committee funding has gone from a straight two-thirds for majority and one-third for minority during the 1990s, regardless of the size of the majority and minority, to biannual negotiations during the past decade. It is my intention that the approach adopted for this Congress will be used in the future. This new funding allocation for Senate committees is based on the party division of the Senate, with 10 percent of the total majority and minority salary baseline going to the majority for administrative expenses. However, regardless of the party division of the Senate, it is also intended that the minority share will never be less than 40 percent, and the majority share will never exceed 60 percent.

Mr. McCONNELL. Mr. President, it is my intention also that this new approach will serve us for this Congress and future Congresses. In addition, we are making a transition to restore Special Reserves to its historic purpose. We know that we will face tight budgets for the foreseeable future and cannot expect increases in funding. We have to move toward funding authorizations that are in line with our actual resources and I look forward to working with my friend, the majority leader, to accomplish this.

Mr. REID. I thank my friend, the Republican leader, and ask unanimous consent that a joint leadership letter be printed in the Record.

Budgets and Supporting Materials

Senate committees offering expenditure resolutions are required to submit to the Committee on Rules and Administration accompanying budgets, together with supporting materials, in the form of letters or memorandums. All submissions should be made electronically and in the form of a signed original and two printed copies.

Budgets.—The budgets should be prepared on budget forms obtainable from the Rules Committee offices.

Supporting materials.—It is suggested by the Committee on Rules and Administration that supporting letters or memorandums be signed jointly by the *chairman and ranking minority member* of requesting committees.

Questionnaires.—The completed questionnaires should be signed jointly by the *chairman and ranking minority member* or by the *staff director and minority staff director* of the committee, unless the minority does not concur with the information supplied therein.

SUPPLEMENTAL EXPENDITURE AUTHORIZATIONS

Any committees of the Senate requiring funds in addition to those authorized in their expenditure authorization resolutions may request such additional funds pursuant to the procedure set forth in paragraph 9 of Rule XXVI of the Standing Rules. A supplemental expenditure authorization must be in the form of a resolution amending an existing expenditure authorization resolution, and must be accompanied by a report stating why the funds now sought were not included in the committee's original request.

Authority

The portion of paragraph 9 that relates to supplemental expenditure authorizations is as follows:

PARAGRAPH 9 OF RULE XXVI OF THE STANDING RULES OF THE SENATE

9. * * * After the annual authorization resolution of a committee for a year has been agreed to, such committee may procure authorization to make additional expenditures out of the contingent fund of the Senate during that year only by reporting a supplemental authorization resolution. Each supplemental authorization resolution reported by a committee shall amend the annual authorization resolution of such committee for that year and shall be accompanied by a report specifying with particularity the purpose for which such authorization is sought and the reason why such authorization could not have been sought at the time of the submission by such committee of its annual authorization resolution for that year.

Accompanying Report Required

Senate committees intending to offer supplemental expenditure authorization resolutions must comply with the following requirements stipulated in paragraph 9 of Rule XXVI:

(1) Each supplemental resolution reported by a committee must be accompanied by a report to the Senate; and

(2) Each such report must specify with particularity the *purpose* for which the authorization is sought, and the *reason* it was not sought in the committee's authorization resolution.

Format of Supplemental Resolutions

In the composition of supplemental resolutions, Senate committees are requested to follow, with any necessary modifications, one

REGULATIONS GOVERNING PROCUREMENT OF CONSULTANTS BY SENATE COMMITTEES

(Restatement of Policy Determinations by the Committee on Rules
and Administration)

Statutory Authority

The procedures and conditions under which standing committees of the Senate may procure the services of individual consultants or organizations thereof are set forth in section 202(i) of the Legislative Reorganization Act of 1946, the text of which is as follows:

SECTION 202(i) OF THE LEGISLATIVE REORGANIZATION ACT OF 1946

(2 U.S.C. 72a)

(i)(1) Each standing committee of the Senate or House of Representatives is authorized, with the approval of the Committee on Rules and Administration in the case of standing committees of the Senate, or the Committee on House Administration in the case of standing committees of the House of Representatives, within the limits of funds made available from the contingent funds of the respective Houses pursuant to resolutions, which shall specify the maximum amounts which may be used for such purposes, approved by such respective Houses, to procure the temporary services (not in excess of one year) or intermittent services of individual consultants, or organizations thereof, to make studies or advise the committee with respect to any matter within its jurisdiction, or with respect to the administration of the affairs of the committee.¹

(2) Such services in the case of individuals or organizations may be procured by contract as independent contractors, or in the case of individuals by employment at daily rates of compensation not in excess of the per diem equivalent to the highest gross rate of compensation which may be paid to a regular employee of the committee. Such contracts shall not be subject to the provisions of section 3709 of the Revised Statutes (41 U.S.C. 5) or any other provision of law requiring advertising.

(3) With respect to the standing committees of the Senate, any such consultant or organization shall be selected by the chairman and ranking minority member of the com-

¹As amended, Pub. Law 100-458, Oct. 1, 1988.

mittee, acting jointly. With respect to the standing committees of the House of Representatives, the standing committee concerned shall select any such consultant or organization. The committee shall submit to the Committee on Rules and Administration in the case of standing committees of the Senate, and the Committee on House Administration in the case of standing committees of the House of Representatives, information bearing on the qualifications of each consultant whose services are procured pursuant to this subsection, including organizations, and such information shall be retained by that committee and shall be made available for public inspection upon request.

Definition of “Consultant”

For the purposes of section 202(i), the term “consultant” shall be deemed to be a person (or an organization of persons) possessing the necessary professional qualifications and experience to assist a Senate committee in specialized areas of its legislative responsibility, or in the administration of the affairs of the committee.

Prerequisite for Procurement

Any Senate committee desiring to procure the services of individual consultants or organizations must first seek and obtain the required authority by including within its biennial or supplemental expenditure authorization resolution an express limitation on the amount of the committee’s total funding in such resolution which may be used for that purpose. A committee may not exceed that limitation for the procurement of consultants, but it may utilize unexpended funds within that limitation for other authorized purposes.

Selection of Consultants

Paragraph (3) of section 202(i) contains the stipulation that “any such consultant or organization shall be selected by the chairman and ranking minority member of the committee, **acting jointly.**” Senate committees are requested to indicate their compliance with the above provision of law by providing that any required correspondence with the Committee on Rules and Administration (see below) be in the form of letters signed jointly by the chairman and ranking minority member of the full committee.

Rules Committee Responsibility

Section 202(i) also requires (1) that Senate committees desiring to appoint individual consultants to committee payrolls or to procure the services of individuals or organizations by contract as independent contractors must provide the Committee on Rules and Administration information bearing on the qualifications of each consultant or contractor; and (2) that such information be retained by the Committee on Rules and Administration and made available for public inspection upon request.

To assist the Committee on Rules and Administration in considering requests for consultants, letters from committees should contain:

- (1) the proposed consultant's particular qualifications with the specialized area the committees plan to explore;
- (2) the probable time period the consultant's services will be required;
- (3) the correlation between the proposed consultant's qualifications and the specific committee activity;
- (4) the per day consultant fee proposed to be paid; and
- (5) the method selected to secure the consultant's services, and its appropriateness.

Methods of Procurement

Any Senate committee possessing the required authority thereof may procure the services of consultants—

- (1) by appointing individual consultants as temporary committee employees (at daily rates of compensation not exceeding the highest such rate which may be paid to a regular committee employee); or
- (2) by entering into contracts—
 - (a) between the full committee and individual consultants as individual contractors, or
 - (b) between the full committee and organizations of consultants.

Selection of the appropriate method depends on the nature of the services to be performed—

(a) If the consultant's responsibilities include services that would normally be the regular or normal duties of staff members or if the performance of the consultant's responsibilities otherwise result in an employer-employee relationship, the consultant should be appointed as a temporary staff employee. Generally, an employer-employee relationship may be presumed where the following factors are present to a significant degree:

- (i) performance of a full-time, continuous job;
- (ii) supervision of or by Senate committee staff;
- (iii) services are performed using facilities provided by the Senate; and
- (iv) work is performed on dates or at hours established for Senate staff.

(b) If the consultant acts as an independent contractor "to make studies or advise the committee with respect to any matter within its jurisdiction, or with respect to the administration of the affairs of the committee," services may be procured through contract.

The committee's notification of intent to appoint as a consultant or request for approval of a contract shall state that the committee has reviewed the services to be provided by the consultant and shall certify to the Committee on Rules and Administration that the committee had determined the selected method (contract or appointment) to be appropriate.

Appointment of Individual Consultants

The notification of the committee's intention to appoint an individual consultant to its staff and the information concerning the qualifications of the proposed consultant must be received by the Committee on Rules and Administration *five days in advance* of the appointment date. If during that period the requesting committee receives no notice of disapproval from the Rules Committee, the appointment shall be deemed approved.

Requests to the Committee on Rules and Administration for such approval may be expressed as in the following sample letter:

(A copy of such letter should be addressed to the Financial Clerk of the Senate for his information at the same time the request is submitted to the Committee on Rules and Administration.)

Procurement of Consultants by Contract

Information concerning the qualifications of individual consultants or organizations thereof intended to be engaged by contract must likewise be supplied to the Committee on Rules and Administration, and should be submitted at the same time the contract itself is sent for approval.

Letters from full committees, not subcommittees, requesting the Committee on Rules and Administration consideration of contracts should—

(1) be signed jointly by the chairman and ranking minority member;

(2) outline the purpose of the contract, the dollar amount, the term of the contract, and the name of the contracting party;

(3) indicate that the committee has reviewed the services to be provided by the consultant, and certify that the committee has determined that securing such services by contract is the appropriate method;

(4) be accompanied by the original and three copies of the contract signed jointly by the chairman and ranking minority member;

(5) include the background data supporting the contractor's qualifications; and

(6) in the case of a fixed-fee product contract, be accompanied by certification from the Congressional Research Service for nonduplication of proposed study. (Attach form to letter. See page 19.)

The contract itself should set forth in full the obligations of the contractor and, where appropriate, incorporate by reference the contractor's detailed proposal. All contracts must, at a minimum, describe in reasonable detail the services to be provided or the product to be acquired, state a delivery date or period of performance, and establish a clear limit on the Senate's financial obligations under the contract by inclusion of either a fixed price or a "not to exceed \$—————" provision in contracts for which payments are incremental.

Contracts (and consultants' qualifications) should be received sufficiently in advance of the Period of Performance to permit appropriate consideration at a regular meeting of the full Committee on Rules and Administration. When contracts are approved, notice thereof will be given in writing, pursuant to the established practice. Approval of a contract will be deemed to include approval of a consultant's qualifications.

Sample Contracts

The following samples of a *fixed-fee product contract*¹ and a *service contract*² are included here to indicate in a general way the type of contract which would be acceptable for the above purpose. In most instances, of course, a form would have to be adapted to the specific needs of a particular committee.

¹All moneys shall be chargeable to the authorizing resolution in effect on the date the contract was approved.

²All moneys shall be charged to funds available on the date services are rendered.

TRAINING OF PROFESSIONAL STAFF

Statutory Authority

AUTHORITY FOR THE TRAINING OF PROFESSIONAL STAFF OF STANDING COMMITTEES OF THE SENATE IS CONTAINED IN SECTION 202(j) OF THE LEGISLATIVE REORGANIZATION ACT OF 1946. THE TEXT OF SECTION 202(j) IS AS FOLLOWS:

SECTION 202(j) OF THE LEGISLATIVE REORGANIZATION ACT OF 1946

(2 U.S.C. 72a)

(j)(1) Each standing committee of the Senate or House of Representatives is authorized, with the approval of the Committee on Rules and Administration in the case of standing committees of the Senate, and the Committee on House Administration in the case of standing committees of the House of Representatives, and within the limits of funds made available from the contingent funds of the respective Houses pursuant to resolutions, which shall specify the maximum amounts which may be used for such purposes, approved by such respective Houses, to provide assistance for members of its professional staff in obtaining specialized training, whenever that committee determines that such training will aid the committee in the discharge of its responsibilities. Any joint committee of the Congress whose expenses are paid out of funds disbursed by the Secretary of the Senate or by the Clerk of the House, the Committee on Appropriations of the Senate, and the Majority Policy Committee and Minority Policy Committee of the Senate are each authorized to expend, for the purpose of providing assistance in accordance with paragraphs (2), (3), and (4) of this subsection for members of its staff in obtaining such training, any part of amounts appropriated to that committee.

(2) Such assistance may be in the form of continuance of pay during periods of training or grants of funds to pay tuition, fees, or such other expenses of training, or both, as may be approved by the Committee on Rules and Administration or the Committee on House Administration, as the case may be.

(3) A committee providing assistance under this subsection shall obtain from any employee receiving such assistance such agreement with respect to continued employ-

ment with the committee as the committee may deem necessary to assure that it will receive the benefits of such employee's services upon completion of his training.

(4) During any period for which an employee is separated from employment with a committee for the purpose of undergoing training under this subsection, such employee shall be considered to have performed service (in a nonpay status) as an employee of the committee at the rate of compensation received immediately prior to commencing such training (including any increases in compensation provided by law during the period of training) for the purposes of—

(A) subchapter III (relating to civil service retirement) of chapter 83 of title 5, United States Code,

(B) chapter 87 (relating to Federal employees group life insurance) of title 5, United States Code, and

(C) chapter 89 (relating to Federal employees group health insurance) of title 5, United States Code.

Summary of Essential Requirements

While the provisions of section 202(j) and the regulations issued pursuant thereto by the Committee on Rules and Administration are deemed quite explicit, Senate committees desiring specialized training for any of their professional staff members should note:

(1) As for consultants, committees desiring authority and funds for the training of their professional staffs must include a specific allotment for the same in their annual or supplemental expenditure authorization resolutions.

(2) That portion of the committee's total funds which is allotted for training may not be exceeded for that purpose. A committee is not precluded, however, from expending funds from that allotment for other authorized purposes.

(3) Approval by the Senate of a resolution containing such a training allotment, however, does not complete the requirements. Specific requests, on an individual basis and in conformity with the regulations which follow below, must be submitted to the Committee on Rules and Administration for final approval.

(4) The Committee on Rules and Administration will consider only requests for training of professional staff that do not exceed a period of 30 days.

(5) While the Legislative Reorganization Act of 1970 limited the training privilege to standing committees (except Appropriations), Public Law 92-136 (85 Stat. 378, Oct. 11, 1971) has extended the same privilege to joint committees, to the Senate Appropriations Committee, and to the Senate Majority and Minority Policy Committees. S. Res. 425, agreed to Aug. 12, 1982, extended this privilege to the Select Committee on Ethics.

The regulations issued by the Committee on Rules and Administration in respect to training of professional staff members of Senate committees, including a sample form for the required "Agreement on Continued Employment", are as follows:

Regulations Governing Training of Professional Staff of Senate Committees

(Adopted by the Committee on Rules and Administration on October 20, 1971; amended July 26, 1979, and September 22, 1982)

Section 202(j) of the Legislative Reorganization Act of 1946, as amended by section 304 of Public Law 91-510, approved October 26, 1970, provides for the expenditure of funds available to standing committees of the Senate for the specialized training of professional staff under certain conditions enumerated therein, including the approval of the Committee on Rules and Administration.

The Committee on Rules and Administration has determined that attendance at conferences, seminars, or briefings by authorized professional staff will not be considered as training under the statutory provisions of section 202(j) when the following conditions apply:

1. The sponsoring organization has been requested to waive or reduce the attendance or registration fee for Government participation;
2. The fee involved (actual or reduced) is not in excess of \$500; and
3. The duration of the meeting does not exceed 5 days.

When all three of the above limitations are met, fees and traveling expenses involved may be incurred by authorized standing committees without specific advance approval of the Committee on Rules and Administration. A fee or time duration for meetings in excess of the aforementioned must be approved in advance by the Committee on Rules and Administration at which time that Committee will determine the classification of the proposed charges as either "training" which requires compliance with all of the provisions of section 202(j), or "non-training".

Under the authority granted to it to supervise staff training, the Committee on Rules and Administration has adopted the following definitions:

1. Training

Training means the process of providing for and making available to an employee, and placing or enrolling the employee in, a planned, prepared, and coordinated program, course, curriculum, subject, system, or routine of instruction or education, in scientific, professional or technical fields which are or will be directly related to the performance by the employee of official duties for the Senate, in order to increase the knowledge, proficiency, ability, skill and qualifications of the employee in the performance of official duties.

2. Training Expenses

The following will be considered as "Training Expenses":

- (a) Compensation paid an employee during training periods in excess of 15 days. (Excludes the compensation cost involved in seminar attendance within the 2-week range. In these cases, the training expense would be the fees involved and travel expenses incurred, which would be processed on one voucher.)
- (b) Travel expenses incurred in direct connection with training.
- (c) Tuition, matriculation and other required fees incident thereto.

(d) Such other direct expenses as may be necessary and as approved by the Committee on Rules and Administration.

(e) Fund grants, in lieu of actual expenses, as approved by the Committee on Rules and Administration.

The following stipulations shall obtain in respect to agreements on continued employment (section 202(j)(3)):

1. Each request for approval of a training authorization of more than 15 days duration shall be accompanied by a copy of the agreement specifying a continued employment after training period, as required by section 202(j)(3), signed by the employee; and

2. Each such agreement shall contain a warranty by said employee that a repayment of the training expenditure (excluding compensation) on a pro rata basis commensurate with the unexpired portion of the specified continuous employment period will be made by said employee should he or she leave the Government service prior to the full discharge of the employee's obligation under said agreement. The Committee on Rules and Administration shall be notified immediately of any instance of default.

(A sample form which may be used for such agreement on continued employment is included at the end of these regulations.)

The separation of an employee from a committee for a limited and specified period for the purpose of training, but continuing that employee's benefits as specified by section 202(j)(4), shall also require advanced approval of the Committee on Rules and Administration.

A committee desiring to provide assistance for the specialized training of one or more of its professional staff shall submit its request, in writing, to the Committee on Rules and Administration sufficiently in advance of the proposed training date to allow ample time for decision and reply. The requests shall contain complete explanatory details and comply strictly with the requirements of section 202(j) and these regulations.

The Committee on Rules and Administration will consider only those requests for the training of professional staff which do not exceed a period of 30 days.

AGREEMENT ON CONTINUED EMPLOYMENT

This agreement is made and executed this _____ day of _____, 20____, in Washington, D.C., between the _____ Committee on _____ of the United States Senate (hereafter referred to as the "Committee" and _____ (hereafter referred to as the "Employee"). The Committee and the Employee mutually agree as follows:

1. The Committee agrees to pay the following expenses of the Employee related to training received by him/her while enrolled in _____ at _____ during the period from _____ through _____:

- (1)
- (2)
- (3)
- (4)
- (5)

2. The Employee agrees to continue in the employment of the Committee for a period of _____ commencing after the Employee completes the training referred to in paragraph 1 of this agreement, unless such employment is terminated prior to the end of such period as a result of (1) the death of the Employee, (2) disability of the Employee, (3) the desire of the Committee to terminate the employment of the Employee, or (4) the consent of the Committee to the appointment of the Employee to another position in the United States Government.

3. The Employee agrees that, if he or she is separated from employment with the Committee for any reason other than one of the reasons specified in paragraph 2 of this agreement, and such separation occurs prior to the expiration of a period of continuous employment equal in duration to the period specified in paragraph 2, he or she will make repayment to the United States Government of those training expenses referred to in paragraph 1 (other than compensation) on a pro rata basis commensurate with the portion of such period remaining to be served by the Employee at the time of such separation. For the purposes of this paragraph, employment with the Committee includes employment with any other department, agency, or establishment of the United States Government with the consent of the Committee.

4. The Committee and the Employee agree that this agreement shall have no effect unless the training expenses referred to in paragraph 1 are approved by the Committee on Rules and Administration of the Senate.

Witness our hands the day and year first written above.

The designation of such staff members for certification shall be done by means of a letter to the Chairman of the Committee on Rules and Administration. "Official expenses", for the purposes of these regulations, means ordinary and necessary business expenses in support of a committee's or administrative office's official duties.

pressly in the contract will be subject to the documentation requirements set forth in these regulations.

III. No more than two cash advances per traveler may be outstanding at any one time.

IV. Cash advances for travel will be issued only to the person traveling (photo ID required), with exceptions being made for Members and elected officers of the Senate.

POLICY ON COMMITTEE WORK AND HOUSING FOR COMMITTEE STAFF

Pursuant to each committee's authorizing resolution, funds are made available from the Contingent Fund of the Senate to assist a committee in carrying out its powers, duties, and functions under the Standing Rules of the Senate. These responsibilities include holding hearings, reporting such hearings, and making investigations as authorized by paragraphs 1 and 8 of rule XXVI of the Standing Rules of the Senate. Therefore, committee staff may not engage in work other than committee business.

In addition, it remains the policy of the Rules Committee that all committee staff paid by committee funds will be housed in committee space.
